Under the authority that it was granted, the right-of-way may be renewed if it continues to serve the purpose for which it was granted.

## Approval and Decision

I have reviewed this plan conformance and NEPA compliance record and have determined that the proposed project is in conformance with the Moab Field Office RMP, approved October 2008, and that no further environmental analysis is required.

It is my decision to renew right-of-way UTU-57111 under the authority of Title V of the Federal Land Policy and Management Act of October 21, 1976 (43 U. S. C. 1761), for an additional 30 years.

### Rationale:

The renewal is subject to the terms and conditions of the original grant which continue to apply and the additional stipulations:

1. The holder shall contact the Authorized Officer (AO) prior to any new surface disturbing activities;
2. The holder will consult with the AO for planning acceptable weed control measures on all noxious weed infestations within the limits of the right-of-way. Prior to use of pesticides the holder will obtain from the AO a Pesticide Use Proposal.

The decision to allow the proposed action does not result in any undue and unnecessary environmental degradation.

This decision shall take effect immediately upon the date it is signed by the Authorized Officer and shall remain in effect while any appeal is pending unless the Interior Board of Land Appeals issues a stay (43 CFR 2801.10). Any appeal of this decision must follow the procedures set forth in 43 CFR, part 4. Within 30 days of the decision, a notice of appeal must be filed in the office of the Authorized Officer at 82 East Dogwood, Moab, Utah 84532. If a statement of reasons for the appeal is not included with the notice, it must be filed with the Interior Board of Land Appeals, Office of Hearings and Appeals, U.S. Department of the Interior, 801 North Quincy St., Suite 300, Arlington, VA 22203 within 30 days after the notice of appeal and shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied,
2. The likelihood of the appellant's success on the merits,
3. The likelihood of irreparable harm to the appellant or resources if the stay is not granted, and
4. Whether the public interest favors granting the stay.

If a petition for stay is submitted with the notice of appeal, a copy of the notice of appeal and petition for stay must be served on each party named in the decision from which the appeal is taken, and with the IBLA at the same time it is filed with the Authorized Officer. A copy of the notice of appeal, any statement of reasons and all pertinent documents must be served on each adverse party named in the decision from which the appeal is taken and on the Office of the Regional Solicitor, U.S. Department of the Interior, 6201 Federal Building, 125 South State Street, Salt Lake City, Utah 84138-1180, not later than 15 days after filing the document with the Authorized Officer and/or IBLA.
